# A PRODUCT CATALOGUE WITH UNIFIED CRITERIA

Our catalogue is carefully selected under two main criteria: quality and design. We look for a balance between the aesthetic, formal and functional coherence in all of our products.

This selection criteria provide us the opportunity to offer our clients a high-quality product portfolio available in different finishes and materials to facilitate the process of selection for their projects.

Good design lasts over time and becomes iconic. Therefore, we offer timeless, fine as well as functional products.

We believe in providing good quality and well designed products that are made to last. We seek to value the architecture and interior design of each project through our products. Our goal is to offer a selection of products that are cohesive in terms of shape, function and material.

PURE, ICONIC AND TIMELESS

# 01

## **Faucets**

Our catalogue includes different models of taps and mixers for basin, shower, bathtub, outdoor showers or electronic taps and electronic soap dispensers with different finishes and installation possibilities.

With geometric shapes and pure lines, ICÓNICO's faucets adapt to any type of project.

**Hands free**

The electronic faucets and soap dispensers in our Hands Free collection have a timed electronic sensor for the supply of water or soap, avoiding physical contact between the user and the product.

They are characterised by their ease of use, savings in water consumption and the increase and preservation of the user's personal hygiene and cleanliness with the space.

## Shower

Our catalogue of shower faucets includes everything you need to complete your space for relaxation, hygiene and well-being. We have different models of shower heads and supports, thermostatic mixers and built-in bodies, hand showers and complements, body jets, and chromotherapy.

A selection made up of different options and systems to enrich the bathing experience.

### Thermostatic mixers and recessed bodies

Two types of recessed bodies that vary according to the number of waterways, the individual or simultaneous use of the functions and the external design of the set of mixers, which can vary in shape -circular, rectangular or square- and finish.

### Rainshowers

Our rainshowers are available in different shapes and sizes. They are integrated into the shower space and provide different sensory experiences thanks to their 3 types of waterfall. Available in different finishes, they are a good choice for those looking for an intimate and exclusive experience.

### Chromotherapy

Our chromotherapy shower heads turn shower time into a multi-sensory experience. The technical parts are hidden, giving prominence to the colour, which blends with the water. All the models are available with direct or indirect light and have between 2 and 4 ways.

## Sanitary

Our sanitary catalogue consists of basins, freestanding basins, custom countertops, bathtubs and a smart toilet. We have a multitude of models models that allow you to create endless combinations and possibilities.

## Solid Surface Basins

Our washbasins combine the qualities of high-tech material with a refined design and a wide range of customisation possibilities. Solid Surface offers a silky matt finish, with plain white being its most essential version. All washbasin models are customisable in colours from the RAL Classic palette, and some designs also come in a range of textures. Timeless style, quality and functionality combine to create elegant pieces that adapt to any project.

## MINERAL COMPOSITE BATHTUBS

Bathtubs made of Mineral Composite offer extraordinary durability, resistance, and antibacterial properties\*. This is due to the combination of 75% dolomite rock and 25% resin in its composition, with a Nanocoat coating on the surface, which allows for the incorporation of colour, as well as matt or glossy white finishes.

(\*) Certified by the ISO 22196 standard.

B22 oval bathtub in matt white and A-BA110 faucet in natural brass.

## Niches

Our collection of niches provides a decorative and functional storage solution to keep the bathroom tidy. Made in Solid Surface and available in the full range of RAL colours, in addition to matt white and matt black, they can incorporate shelves and LED lights in some of their versions. They are suitable for both indoor and outdoor spaces, being the ideal complement to showers and bathtubs.

H30X90M white-coloured niche with LED lighting.  
WC3 Smart Toilet in white. Toilet roll holder U 14705602243, anti-vandalism toilet brushes 14706102102 and PWC push button in brushed copper.

3H0X90M niche with two central shelves in RAL colour 9001.  
Outdoor shower DEXTER-3 in enamelled bronze and CUSTOM-LINEA-SM drain without frame.

H3030 frameless niche in matt black.

Bathtub B26 in matt white, mixer tap C-BP42 in matt black and mixer tap M1LB-MP.

Frameless H30X60 niche with light in colour 9006 of the RAL colour chart.

D-SP42 shower head holder, D-C300 square shower head and M1LB-MP single lever wall-mounted mixer tap in matt black.

H30X60M niche with a shelf in colour 9001 of the RAL colour chart. Circular shower head D-R250, shower spray holder D-SP, single lever shower head DR and single lever basin mixer tap C-LP21 in brushed gold. CUSTOM-ESQUINA drain.

## SHOWER TRAY

### Shower tray

It is time to rethink the bathroom from a practical and stylish perspective. Our series of shower trays can transform the bathroom and its wet areas with designs that blend perfectly into the architecture – streamlined pieces with vast possibilities of customisation in colour and size for designing accessible, hygienic and decorative spaces simultaneously. The shower reclaims its place in the bathroom as an indulgence ritual.

Shower tray **PD2** size 100X250 in color marble (RAL 1013), hower head holderr D-ST30, shower head d-r300 and hand showe D in brushed copper.

## CUSTOMISABLE IN COLOUR & SIZE

We have multiple formats and sizes, and a degree of flexibility in adapting the piece to the bathroom project to achieve greater precision in installation. Only 3 cm thick, the tray can be installed on the floor or flush-mounted. Its Gel Coat coating also features a choice of any colour from the RAL Classic palette for its final finish, including the drain, which is integrated with the same shade and material.

Shower tray **PD4**, size 180x90 cm, plastered on the floor in pearl colour (RAL 9002), shower head holder D-SP42, shower head D-R300, hand shower O-DI1V in brushed gold and niche H30x60 in white.

Shower tray **PD1** 100x200 cm in black, shower O-DSPE-250 matt, towel rail O-T45, PWC push button in black and WC3 toilet in white.

Shower tray **PD5** 100x200 in RAL 7047, shower O-DSP3-250 in brushed nickel and niche shelf H30x601 in white.

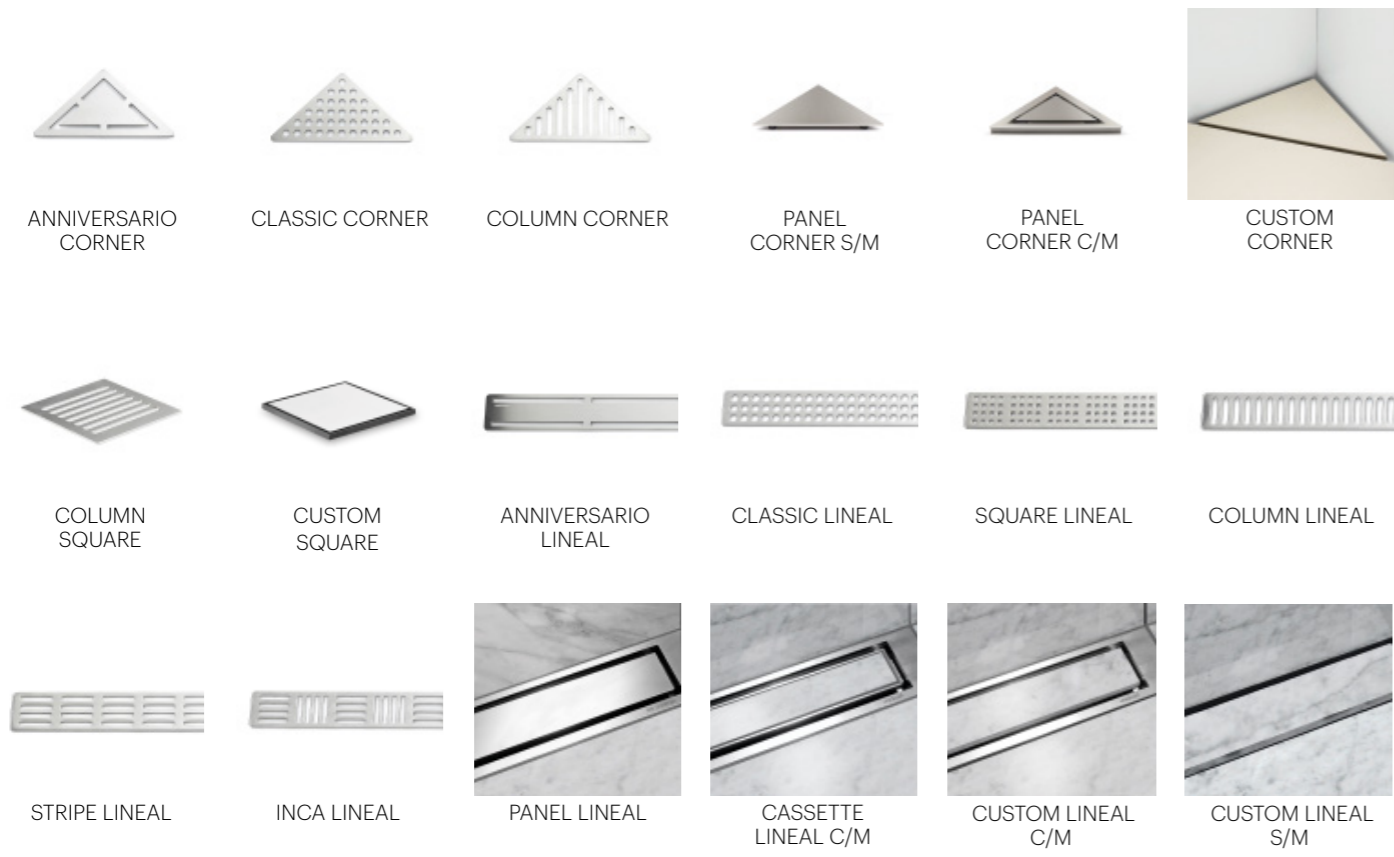

Shower tray **PD3** 100x180 in white. Shower head holder D-SP42, shower head D-C400, and hand shower O-D11V in bright steel.

## Drains

Linear, corner or square drains made from AISI 304 stainless steel. They can also be customised using the same material as the bathroom flooring. This collection has a completely watertight and a safe drainage system, preventing water filtration and possible dampness thanks to its meticulous research and technical study.

Custom Square drain.

## Plates and accessories

The plates of our switches and sockets are completely customisable, opening up endless possibilities and configurations. Our catalogue of complements includes elements with different functions: push buttons, sockets, regulators, R-TV/SAT, RJ12/45, USB chargers, motion detectors or blind plates.

The design of the panel, with no frame between the partitioning and the mechanism, means that it is 100% flush, thus avoiding intermediate spaces. In addition, it is installed on universal boxes without the need to replace them.
