SMART TOILET WC3

SPECIFICATIONS

- DIMENSIONS**
606x398x649mm*
- NET WEIGHT**
39kg
- EXIT SYSTEM**
Adaptable to drain 110mm
- RATED VOLTAGE**
220-240V, 50/60Hz
- RATED POWER**
1080W-1130W
- WATERPROOF LEVEL**
IPX4
- CLEANING WATER FLOW**
0,5-0,7L/min
- DISCHARGE VOLUME**
Full discharge 6L / Reduced discharge 4L
- APPLICABLE WATER PRESSURE**
0,8 a 8bar

- WATER TEMPERATURE ADJUSTMENT**
Temperatura de red hasta 40º
- SEAT TEMPERATURE ADJUSTMENT**
Ambient temperature up to 40ºC
- AIR TEMPERATURE ADJUSTMENT**
Ambient temperature up to 40ºC
- NOZZLE POSITION ADJUSTMENT**
3 positions
- WASH WATER PRESSURE**
3 levels
- SAFETY DEVICES**
Thermal fuse, water temperature sensor, thermostat.
Over temperature protection, current leakage protection.
- DEODORIZATION**
By diatoms
- CONTROL**
Manual and through remote control

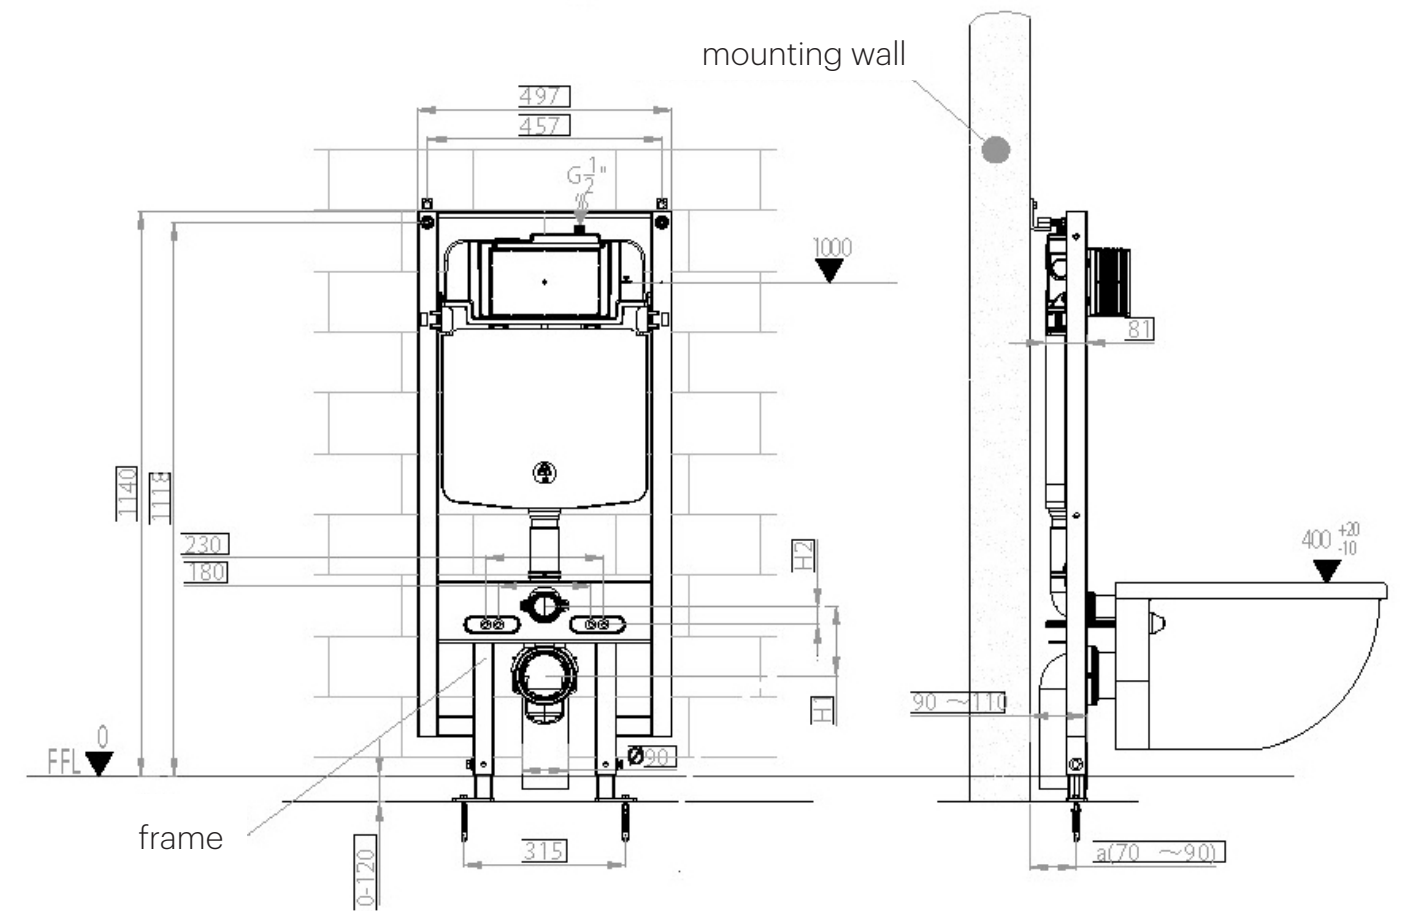

GENERAL

DIMENSIONS

*The standard distance from the floor can vary depending on its installation.

INSTALLATION CONCEALED CISTERN

CONCEALED CISTERN CHARACTERISTICS

- Built-in cistern independently developed by injection and watertight.
- Metal frame made of anti-corrosion and anti-rust material, which can last for a long time.
